

ATHLETICS SECTION

Athletics is a section of the Physical Education Division

Implementing an athletics program can be of tremendous benefit to the Christian school. Godly coaches can use sports to teach character and self-control. Athletics can also be used as an instrument to create and promote school spirit and teamwork.

Regional and South Pacific Student Conventions are not intended to be tournaments to determine state and national championships.

Students competing in any P.E. competition should observe the general guidelines as stated in this section. Carelessness on these points could disqualify a contestant.

Boys will compete against boys and girls will compete against girls in ALL events as listed below. A student may enter five (5) events in the Athletics Section, but a total of 7 events across the Physical Education Division.

As a result of Athletics Health & Safety regulations Shot Put and Discus events are for Open and U17 students ONLY. Students aged U14 must not enter U17 or Open events in Shot Put or Discus.

TRACK EVENTS

1. All students **MUST** wear clothing which conforms to the Convention Dress Code as found in the Introduction to Guidelines on page **IN.16**. (See also Physical Education Clothing page, AT.2) **Contestants must compete with shoes on both feet.**
2. It is the responsibility of the contestant to be present when their event is run. Races will not be rescheduled or rerun if contestants miss the start of their race.
3. Track events take precedence over field events. If any student is waiting to compete or is competing in a field event when their track event is called over the P.A. system, it is the student's responsibility to excuse themselves from their field event by notifying the Field Event Judge that they are required for their track event. When the student's track event is finished the student must report back to that Field Event Judge and complete the event they were excused from previously.
4. SCEE will determine the number of lanes to be used, bearing in mind the facilities provided and the need to correctly place and time all heats.
5. To start the race the starter gives the commands "on your marks" and "set" in all races up to and including the 400m race. For longer races, only "on your marks" is used. The starting pistol is fired when the competitors are all **STEADY IN POSITION**.
6. It is a false start if a competitor fails after a reasonable time to comply with the command "set" or starts before the pistol is fired. Competitors are recalled by a pistol shot after a false start. The competitors responsible must be warned; **a competitor is disqualified after causing two false starts.**
7. In the 100m, 200m and 400m races and in the 4x100m relay, a runner must run within their assigned lane and they must not step over their lane line for three or more consecutive steps with either or both feet. During and at the conclusion of the above mentioned races or relay all runners must be in their lanes.
8. In the 800m and 1500m races, a runner must be one full stride ahead of another runner before he/she can merge into the other competitor's lane.
9. A heat shall consist of up to ten (10) runners (where ten (10) lanes are available), otherwise eight (8), with each runner assigned their own lane. If ten (10) or fewer contestants have entered the event the heat may be considered the race final.
10. Qualifiers for the final will consist of up to ten (10) contestants or teams, where ten (10) lanes are available; otherwise eight (8), who achieved the fastest times during the heat(s) for that race.
11. Track records for A.C.E. Student Conventions in the South Pacific may be set in any official race at SCEE Regional and/or South Pacific Student Convention Athletics Days.
12. Times are to be recorded to the nearest 1/100 of a second.
13. Starting blocks may be used for any laned race. It is the responsibility of a fellow teammate to remove the blocks immediately after the race has begun. SCEE will not provide or take any responsibility for starting blocks.
14. Spectators, non-competing students and coaches are not allowed on the track area. Runners must not be paced or coached in any way during a race.
15. To be awarded a place in a track event the competitor must first achieve a time less than the qualifying time. Places (1st to 6th) will be awarded to competitors in track events who achieve the six (6) fastest times under the qualifying time specified for their race and category. The qualifying times are specified on page AT.3.

TRACK EVENTS

16. A student may only withdraw from an event with a personal confirmation from their sponsor.
17. For their own safety and well-being, students and sponsors need to bring with them to the Athletics day:
Sun-hat, Sunblock, Sweatshirt/Jacket, Plenty of drinking water.
- SPONSORS:** Please note that **YOU** are responsible for providing drinking water for your students. They need to remain well hydrated, regardless of weather conditions or temperature, especially if they are running races.
18. NOTE: Where there may be a conflict of rules, SCEE Guidelines will have precedence.

TRACK - ORDER OF EVENTS:

This order is given for information in selecting individual participation in Track events and may be altered as necessary at any given time. Please note that finals will only be held if more than eight contestants have entered the event. Generally, female races will be run first followed by male races of the same distance beginning at U/14, then U/17 and then the OPEN Category. SCEE retains the right to re-order, combine and/or merge races as necessary.

RELAYS

PLEASE REFER TO THE TRACK GUIDELINES WHEN PREPARING FOR THIS EVENT

2. Each member must run one (1), and no more than one (1), leg of the relay.
3. A baton, not exceeding 30cm in length, will be provided by SCEE
4. The baton must be carried by hand and passed in succession to each runner. A runner must pass the baton to the next runner inside the 20 metre passing zone. Any passing of the baton before the baton reaches the zone or after it goes beyond the zone disqualifies that team.
5. A runner who is to receive the baton may start his/her run no more than 10 metres outside the 20 metre passing zone or anywhere within the passing zone.
6. After passing the baton, runners must continue in their lane so as not to interfere with other competing teams and/or team members.
7. A dropped baton must be recovered by the team member who dropped it, without interfering with other runners. If a baton is dropped in the passing zone, either runner may recover it. However, disqualification can occur for interfering with another runner. A team member may not run outside the passing zone to take the baton from a fallen member. If any team member runs any part of the race without a baton, the team will be disqualified.
8. Runners must remain within their lanes throughout the race and shall not step over their lane line for three or more consecutive steps with either or both feet, except where interference of another runner occurs in which case the interfering team will be disqualified. During and at the conclusion of the run or relay all runners MUST be in their lanes.
9. Replacement runners in relays may only be those nominated as such on the Student Event Registration Form at the Registration Closing Date. Any student nominated as a relay reserve will count that event as one of their five Athletics events.
10. For a relay team to compete at a South Pacific Student Convention at least two members of the original team must be present.
11. NOTE: Where there may be a conflict of rules, SCEE Guidelines will have precedence.
